TO OPEN THE CAMPAIGN.

THE BIG MEETING AT WOODSTOCK NEXT SATURDAY.

After That Date the Voice of the Campaign Orator Will Be Heard in Every Section of the State-The Local News

Field. The real opening of the Democratic campaign in Maryland will take place at Woodstock, on the Baltimore and Ohio Railroad, next Saturday, September 24. The meeting will be held by the joint committees of Baltimore and Howard counties, and will last all day. The speakers will be Senator Gorman, Congressman Compton, Attorney General Poe, State Senator John G. Rogers, Ex-State Senator W. B. Peter, Joseph D. McGuire, Martin F. Burke, J. E. Hill and other well-known speakers. The gathering will be held in the grove on the banks of the Patapsco, and large crowds will be present from all parts of the surrounding country and the city, which is within easy distance.

The meetings at Woodstock have become famous. The campaign was opened there last year, and for many years past large gatherings have been held in the beautiful groves on the Patapsco at the junction of the two counties of Baltimore and Howard. At the meeting to be held there this year Senator Gorman will open the campaign in person. He always attends the Woodstock meetings, for the grove in which they are held is in sight of the old stone house where he was born more than 50 years ago.

The Baltimore and Ohio Railroad Company have given instructions to their agents at Baltimore, Frederick and intermediate points on main line, and from Laurel and intermediate points on Washington Branch to sell special one day excursion tickets, reading to Woodstock and return, good going and returning via the regular train service only September 24 at rate of one fare for the round trip. Said rates are given for the benefit of those who wish to attend the Grand Democratic Mass Meeting and Picnic at Woodstock, Md., Saturday, September 24, 1892.

THE SEPTEMBER TERM ENDED. Recommendation of the Grand Jury-

Criminal Business this Week. Friday of last week the grand jury submitted its report and was discharged by the Circuit Court. Afterward a banquet was held at Eckert's Howard House and acres on Washington Branch, B. & O. Favorite, sold by Mr. Henry Groverattended by the jurors and court officials. Speeches were made by State's Attorney Joseph D. McGuire, Foreman Wm. Clark of T., and others.

The report strongly recommended that steps be taken by the county commissioners to insure safety from fire of records of the court, all of which cannot be accommodated in the present vaults. A similar recommendation was made by the last grand jury. It is suggested that an architect be employed by the commissioners at once to submit plans and specifications for additional vaults. On Monday William H. Harding, a

prominent resident of the Fifth district State vs. J. T. Barnes, charged with wife beating, was tried, and the accused was found guilty and sentenced to a term of one month in the county jail. State vs. Samuel Updegraft, for burglary, verdict guilty, sentence deferred. The case of State vs. Stephen H. Barnett, colored. of Baltimore, indicted for horse-stealing, was taken up and continued .

Tuesday Judges Miller, Jones and

Roberts were on the bench. The court adjourned for the term after the following proceedings: Amos Smith, alias Amos Jackson, colored, indicted for assault and battery; jury trial; adjudged guilty, and sentenced to one month in the county jail. State vs. Thos. Waters, colored; assault with intent to kill and common assault; not guilty in former case, and guilty in the latter; jury trial; one year in the House of Correction, State vs. Walter Linn, colored; for larceny; pleaded guilty; sentenced to three Updegraf; indicted for burglary; jury trial; sentenced to three years in the penitentiary. State vs. Samuel Updegraf; for burglary; court trial; guilty. and sentenced to ten years in the penitentiary. The last named was also tried and convicted on Monday for breaking open the lichester Station with burglarious intent, for which he was sentenced to a term of ten years in the penitentiary, the two terms to run consecutively. In passing sentence the court took occasion to refer to the prisoner's past unenviable record, a part of which consisted of previous servitude in the same institution. He had served a term for robbing the store at Henrytown, on the Baltimore and Ohio Railroad, and another for a like offense on the Western Maryland Railroad. The court said that Updegraf was, no doubt, the leader of a gang of depredators who were dangerous to the community, and any leniency in his favor would be an injustice. It would not, therefore, be right, the court said, to give him less than the full limit of the law in each case. The prisoners were taken to the places designated in their sentences by Sheriff William G. Owings

SCHOOL BOARD MATTERS.

Examination of Applicants for Scholar ships--Meeting of the Board Tuesday. To day Mr. J. E. Hill, examiner, by order of the Howard County School Board, will examine candidates for two vacant scholarships in the Maryland State Normal School, Baltimore, and a scholarship yielding free tuition at St. John's College, Annapolis.

The State Board of Education has ap pointed Misses Emma C. Shipley and Luella Gallion, of Howard County, to two vacant scholarships from other counties. Both young ladies had successfully passed examinations for scholarships in former years and had made formal application for appointment to any vacancies from other counties. The School Board will meet next Tuesday. It is thought that at that time the county commissioners will make reply to the School Board's recent request to money to keep the public schools open. The Board will next Tuesday, act presumably, in pursuance of the Attorney General's opinion that school trustee must take the oath of office prescribed by the Constitution and State law. A circular notifying school boards of this opinion has been issued by the State Board of Education, and the School Board of this county will, it is thought reappoint school trustees and urge upon them the necessity, in the interest of the public school system, to take the oath at once. The oath is administered. as to all other public officers, by the clerk of the Circuit Court. Mr. Hill, the school examiner, has been busy this week filling orders of teachers for school books.

A NEW PAPER MILL.

It will be in Howard Instead of Baltimo County.

Ground was broken Tuesday for a new paper mill at Oella, on the western border of Ellicott City and on the Howard county side of the Patapsco. The main building will be 100 by 30 feet, and there will be an adjoining building 40 by 50 feet. Manilla paper will be manufactured, and the output will be about two tons per day. The Mentzel Paper Company, of Howard County, will conduct the new enterprise. The capital stock is \$20,000, divided into 200 shares. The incorporators and directors are Wm. M., Albert W. and Harry D. Mentzel Benjamin Frank, of Baltimore, and Senator John G. Rogers and William L. Nott, of Howard county. The old mill of Mentzel & Sons across the river, and of about half the capacity of the new mill, will discontinue.

Election of Officers. District Lodge No. 3, I. O. G. T., of Ellicott City, held its regular quarterly meeting at Oella, Baltimore county, Friday. The following officers were elected for the ensuing year: D.C. T , B F. Keyes; D. V. T., L. H. Hermann; D. ., H. H. Stansfield; D. S., Miss Amanda Ielm; D. T., B. Patrick; D. S. J. T. Charles Emory. Messrs. T. J. Hood. Samuel Hartley, T. V. Bowman and Miss Sarah Hamilton were elected delegates to represent the Dual Grand Lodge to be

held at Still Pond, Md., in December.

Mr. George W. Dorsey, son of Mr. James Dorsey, of Howard county, has a crack farm team, consisting of two horses and two mules, none of them very heavy. Recently he hauled from Hanover station, on the Washington branch of the B. & O R. R. a load of brick weighing over five and a half tons. When it is considered that the wagon weighed 2,500 pounds and the road sandy, the task was no easy one. Mr. Dorsey respectfully submits this to some of his neighbors.

During the recent debate in the House over the World's Fair appropriation Mr C. R. Breckinridge of Arkansas offered an amendment to the pending bill that created a stir on the Republican side. He wanted to provide that all exhibitors sending goods from foreign countries should be permitted to mark their exhibits with the selling price in the country where they are produced and with the selling price in this country. The effect of this would be to furnish an object lesson on the effect of the McKinley tariff that would go further than any number of campaign speeches toward showing who pays the taxes under the McKinley system and would show just how much the tariff increases the cost of goods of all sorts in the United States. This amendment precipitated a tariff discussion, but it was finally voted down by a combination of Republicans and a few Democrats who are in fayor of the appropriation at all hazards and were

Low Rates and Great Preparations for their Reunions at Baltimore and The thousands of sailors and soldiers who participated in the late war feel an inspiring interest in the meeting of the Naval Veterans' Association at Baltimore, September 15th to 19th, and in the National Encampment Grand Army of the Republic at Washington, D. C., commencing September 20th. They will be the most extensive and most distinguished military gatherings in America since the close of the war, and as the G. A. R. Encampment so closely follows the navai meeting, an opportunity will be afforded for old sailors and soldiers to participate in the festivities of each occasion. The scene of each gathering will be fraught with a thousand memories of the warof deeds of valor and heroism, of vic-

Why Not License Cate?

Cats are very useful in exterminating rats and mice, and Tabby and Tommy are like peripatetic household gods. Yet there are too many meowing felines in this big town and there is too much nocturnal music in back yards and on neighborhood sheds-too many Thomas concerts that interfere with the slumbers of the weary mortal who retires late and arises betimes. The board of aldermen should pass an abating. ordinance requiring the owners of cats to

sbtain licenses for the animals on the payment of a small fee. Dogs are licensed. Why not cats? Then, if any vagrant grimalkin is found about the streets and back yards and areas, he, she or it may be promptly arrested and consigned to an asylum that should be established for unlisensed, indigent, superannuated and deerepit cats. Lest any of our contemporaries should | DID YOU EVER

The Cowboy of Today.

The first cowboys I ever saw greatly disappointed me by their appearance. All that I have seen since that time have dis appointed me equally. If I were to write a play in which there was a cowboy character I would dress him up in fringed leather breeches and a buckskin coat, a big drab Spanish hat as stiff as a board and as big as the top of a washtub, in dainty boots and bead worked gloves. his pistols should be of mother-of-pearl and none but the best Cheyenne saddle should he sit on-for of such is the cow bow of the flash literature which has im mortalized him; and if the true cowboy does not know enough to live up to hi own china I would ignore the fact. And vet these first cowboys I saw in Montana were a very ordinary looking lot of young depot loungers, peculiar only because they wore big flat brimmed hats and because they had a long line of bronchos fettered to a hitching rail near by .- Julian Ralph in Harper's Weekly.
